GASTRONOMY

Where soulful flavors meet spellbinding views

ĀLME RESTAURANT

A Greek-Inspired Culinary Journey

Perched above the Aegean, where the breeze carries whispers of salt and sun, Ālme invites you on a Greek-inspired culinary journey. Each Step is a tribute to the timeless rhythm of the sea, the land, and the artisans who shape its flavors.

Set high above the endless blue of the Aegean, Ālme captures the very soul of Santorini; the gentle whisper of salt carried by the breeze, the rhythmic pulse of waves, and the timeless magic of the island itself. Inspired by the Greek word "άλμη," meaning "brine," Ālme embraces the delicate balance of flavors shaped by sea, sun, and soil, creating culinary moments that linger.

Here, each dish unfolds like a story, carefully told through authentic Greek ingredients, artfully crafted and respectfully sourced. Ālme's culinary experience is subtle yet sophisticated, elegantly simple yet richly layered, a reflection of the natural harmony found where land meets sea. Every bite evokes the essence of Greece: fresh, genuine, and filled with warmth.

The restaurant also offers private dining at the guests' suite veranda.
